LOCAL ITEMS.

Miss McKay, school teacher at Armadale Mission, who has been visiting her sisters in town, Mrs. Hurd and Mrs. W. B. Goodfellow, for the last two months, returned home this week.

Settlers ought now to be very careful about prairie fires. We notice large fires are now raging, one across the river and another to the south of the town. The fire guardians should be on the lookout for parties letting fires go.

DEPARTMENT OF RAILWAYS, ETC.

Mr. L. D. Dion, a prominent official of the above department, Ottawa, writes:—I am very glad to give you to day the testimony that Nasal Belm has cured my catarrh, from which I suffered for nearly three years.

The Ladies' Aid Society of St. Paul's Presbyterian Church will hold a grand bazaar in the church on Thursday afternoon and evening next, opening at three o'clock. The ladies have been working hard lately for this bazaar and deserve encouragement. Refreshments can be had at any time.

All entries for the Lorne Agricultural Society's Exhibition to be held on Thursday next, the 4th of October, should be handed in to the secretary by Wednesday, but for the convenience of those who may not be able to do so the secretary will have a tent upon the lacrosse grounds where he can be found from 7 until 11 o'clock p.m. on the day of the show.

The following are the names of the successful candidates who wrote at the recent teachers' examination held in Prince Albert:—First class grade "A," Sister Annie Grant; grade "B," Sisters Collings, Frances McCormack, Marie J. Renaud, Gertrude Wareing and Dillon; third class, Mr. A.O. Garnot, Miss Robina McGregor, Mr. J. P. M. Piquet and Miss Miriam Willson.

We this week were favored with a call from Mr. Hayter Reed, the newly appointed Indian Commissioner, who arrived in town from Regina on Wednesday. Mr. Reed has not been here but once since the rebellion, and expressed himself as much surprised at the progress the place has made. He is at present making a tour of the Indian agencies throughout the Territories, and is accompanied by Mrs. Reid. We believe the appointment of Mr. Reed to be a good one, and we heartily congratulate him on his promotion. For a number of years he has been Assistant Commissioner, and is well posted on Indian affairs.

On Monday night while on duty and endeavoring to quell a disturbance at the Queen's Hotel, the town constable was assaulted by Constable Leslie, of the N. W. M. P., and taken to the lock up at barracks, with the assistance of another policeman. Leslie was drinking with the crowd at the hotel and did not appear to be on duty. As no public investigation has yet been held, we are not in possession of the full facts of the case, and are therefore not in a position to make many comments. But it is time that it should be decided whether the Mounted Police or the civic authorities are to rule in the town, and if the Council do not take this matter up and cause a thorough investigation to be made, they should resign. If they have not sufficient backbone to protect their officers and enforce the by-laws, they are not worthy of the positions they occupy. We are not finding fault with the Council, but will not fail to criticize their action, or rather inaction, if this matter is allowed to drop.

DUCK LAKE.

From our Special Correspondent.)

Hilliard Mitchell, M.L.A., left here on Wednesday for Winnipeg and Regina.

Mr. Hayter Reed, Indian Commissioner, passed through on Wednesday last. This is Mr. Reed's first visit since his appointment.

Treaty payments will be made to the Indians at Snake Plain, Mistowassie and Fort a la Corne during the coming week.

Clearing Sale at Clark's old stand just commencing. See advertisement of his successor, P. L. Lafond.

The Rev. Mr. Campbell will sell by public auction all his household furniture and outdoor effects on Thursday next. This is a rare chance to buy furniture, horses, cows, pigs, fowl and almost anything you want. See advertisement.

As will be seen by an advertisement in another column the Indian Department are calling for tenders for 1750 sacks of flour to be delivered at different points in this district. We hope some of our local millers will secure the contract.

It is rumored that our bandmaster has an offer from Qu'Appelle to take the charge of their band at a good salary. It is too bad if our band is to lose its head on account of not receiving proper support. We don't think it would be hard to find one hundred or so residents who would contribute \$4 or \$5 annually and thereby do away with the collecting at public gatherings. Get a move on somebody and make out a subscription list.

The latest laws are such that newspaper publishers can arrest anyone for fraud who takes a paper and refuses to pay for it. Under the law, the person who allows his or her subscription to run along for some time unpaid or takes three papers from the post office, and then orders the postmaster to mark it "refused," and have a notice sent notifying the publisher, lays himself open to arrest and punishment same as for theft.

The Lorne Agricultural Society will hold their fifth annual exhibition in Mr. J. M. Campbell's corral, east of the Methodist Church, on Thursday next, the 4th of October. Every effort is being made to make the show more attractive and a greater success than formerly, and we are informed that the exhibits will be more numerous and of a much finer quality than on previous years. We hope to see everyone turn out and patronize Prince Albert's great fair. The band will be in attendance all afternoon.

The St. Alban's Sunday School held their annual picnic on Saturday last. There were two large van loads of children and another conveyance with the teachers and friends all under the supervision of the Ven. Archdeacon McKay left the church for the picnic grounds, about three miles south of Emmanuel College, where they arrived about two o'clock. After sporting around for a while the children were regaled with refreshments and candies, and all left for home about dusk after spending a very enjoyable afternoon.

Wigmore's Great Clearing Sale is still going on. Bargains are to be had every day.

For ladies' Jackets and Jerseys, men's Pea Jackets and Overcoats try Walters & Baker's—they are selling at cost.

Subscribe for your newspapers at Cann's Bookstore. Subscriptions received for all Canadian, American and Foreign Publications at lowest rates.

ADVICE TO MOTHERS.

Are you disturbed at night and broken up by your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. WIGMORE'S SMOOTHING SYRUP FOR CHILDREN'S TEETHING. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures diarrhoea, regulates the stomach and bowels, cures whooping cough, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. WIGMORE'S SMOOTHING SYRUP FOR CHILDREN'S TEETHING is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the U. S., and is for sale by all druggists throughout the world. Price 25c a bottle.

NORTHWEST ASSEMBLY.

It is now three months' since the election of members for the Legislative Assembly took place and there does not appear to be a probability that the return of any of the members elected, or the validity of the elections in general will be questioned in the courts or elsewhere, and we may therefore assume that all parties are satisfied with the result. As far as the selections made by the electors are concerned we may be willing to admit the wisdom of their choice; but other important considerations arise and none more important than the question: Was the election legal? It may be matter of surprise to most people to learn that grave doubts exist as to whether we have a Legislative Assembly or not; we are not legal experts and therefore do not pretend that our present contention, that the elections were not legal will carry a great deal of weight, but will call the attention of those in authority and our readers generally to one or two points in connection with the election, which are worth looking into. The Legislative Assembly was created by an act of the Dominion Parliament passed on the 22d day of May, 1883; this act provides the constitution of the assembly, defines its powers and also makes provision for holding the first elections. Section 10 provides that the Governor in Council may appoint a clerk of the assembly, and it is enacted by section 6 that "The Lieutenant-governor shall, when occasion requires, cause writs to be issued by the clerk of the assembly, in such form, and addressed to such Returning Officers as he thinks fit."

In June last the occasion arose for holding an election, and under the power vested in him by said section the Lieutenant-governor caused writs to be issued. But by whom? Not by the clerk of the assembly, as that officer does not appear to have been appointed until after the elections were over; the writs were issued by Mr. A. E. Forget, we presume as clerk of the North West Council. The Lieutenant-governor doubtless acted under section 19 of the North-West Territories Act, R. S. C. chap. 50, but that section was repealed by Sec. one of the 51 Vic. cap. 19. Our contention is that Mr. Forget had no authority, lawfully conferred, to issue the writs and that in consequence they were invalid and all proceedings had and taken in pursuance of them are void or voidable. Again, section 5 of the last cited Act provides that "Until the Legislature of the North-West Territories otherwise provides, as it may do, the law in force therein at the time of the passing of this Act relating to the election of members of the Council of the North-West Territories shall, subject to the provisions of this Act, apply to the election of members of the Legislative Assembly." What was the law then in force? Up to May

22nd, 1888, the law in force relating to elections for the N. W. Council was contained in the N. W. T. Act, R. S. C. cap. 50 sections 18 to 25 inclusive and in a proclamation issued by Mr. Laird on the 5th of Feb. 1887; Mr. Laird issued that proclamation under powers vested in him as Lieutenant-governor by sec. 19 of said Act. But by the act of 1888 sections 18 to 25 of chap. 50 R. S. C. were repealed, thus taking away any power Mr. Dewdney as Lieutenant-governor might have had to make regulations.

Mr. Dewdney however took upon himself to repeal Mr. Laird's proclamation by a new one of his own, of date May 28th, 1888, in which he made regulations for holding the elections and prescribed the mode of proceeding thereat. The position we take is that Mr. Dewdney had no authority to issue the proclamation above referred to, and that the only law in force on the 22nd, May, 1888, relating to the holding of elections for the North-West Council was governor Laird's proclamation and that that proclamation should have been followed in the late local elections.

The fact that the act from which Mr. Laird derived his authority has been repealed is nothing; the repeal of a Statute does not nullify what has been done under it while it was in force, and therefore we believe that Mr. Laird's proclamation still remained, and was the only law, in force at the time of the elections. It appears to us that Mr. Dewdney exceeded his authority, not wilfully we suppose, but without having given sufficient attention to Acts of Parliament. It would not be a matter of much moment whether the election was conducted under a proclamation made by Mr. Laird or by Mr. Dewdney had the existing state of the law been preserved, but Mr. Dewdney made some serious changes; according to the law as it existed, two weeks were required to elapse between the nomination and polling days, this being narrowed down to one week and we know that that change alone deprived a large number of the electors of the Prince Albert District from exercising their franchise at the recent election, and had the two weeks remained the result would have been different. Mr. Dewdney's proclamation differs very materially in other respects from Mr. Laird's, but we have said enough for the present.

Then if the elections were illegally held, what must be the result?

Would Acts passed by such a Legislature have force or Law? We believe that there are to-day no legally elected representatives, that those gentlemen returned can not lawfully take their seats in the Assembly and that they will meet at Regina simply as any other like number of persons might meet together, and that they will have no more power to legislate.

If such be the state of affairs it should at once be remedied; it will be a waste of time to call the members together, if when they meet, it may only be to learn that they have no right to be there, nor any power to do anything. It will be remembered that in 1881 the North-West Council was met by Mr. Richardson's opinion that owing to the repeal of certain Acts, any Ordinances passed by it would be worthless: a perusal of the journals of the Council, 1881, page 26, will show Mr. Richardson's opinion as given by him to the council. If there exists any illegality in the late elections no time should be lost in rectifying matters, and it is only in one or two ways that this can be done: either by holding a new election or by legislation at Ottawa; the former would entail a heavy expense on the country and it is very

doubtful if the Dominion Parliament can do the latter. This question will sooner or later come before our legal tribunals; cases will arise in which the validity of Acts of the Assembly will be questioned, and it would be most unfortunate and might be very disastrous, should the courts decide against their legality.

EDMONTON.

From the Bulletin, Sept. 8.

Binding twine is now 28 cts. a pound. Wild black currants are plentiful at 10 cents per pound.

Hay marshes are drying up rapidly and hay is consequently becoming more plentiful than usual.

R. Tene has the contract for supplying 400 cords of wood to the police at Fort Saskatchewan at \$2 per cord, and P. McCallum 75 cords at Edmonton at \$2.30 per cord.

An East Edmonton correspondent writing concerning the prairie fire ordinance says that: "In order to clean our meadows, fields and pasture lands the time must be extended to the first of May. To the farmers and settlers in this part of Alberta spring prairie fires are an absolute necessity."

Several farmers in this vicinity who sow black or hullless barley this year are highly pleased with the experiment. It ripens in from a week to two weeks earlier than common barley, weighs more pounds to the bushel, yields more bushels to the acre and is superior for feeding purposes.

FORT MACLEOD.

From the Gazette, Sept. 13.

The H Division, N. W. M. P., detachments are to be ordered in to barracks for a six weeks course of drill. Men from D Division will take their places during that time.

There is every indication that an immense crowd will attend the fall race meeting here, also that there will be a fine turn out of horses. Several of the latter have arrived already.

Yesterday afternoon a familiar old time shooow came howling down from the mountains, bringing a miscellaneous collection of barrels, small dogs, tin cans, rags, paper, hay stacks, dust and D troop tents. All but nine of the latter were blown down. No damage was done in town.

On the 7th ult. troop D, N. W. M. P., left Kootenay (Major Steele in command) for Macleod via Crow's Nest Pass. The trip was made successfully in eight days to Lee's Lake, where an outfit of wagons from H troop met them and conveyed the baggage to Macleod. The trip was a very successful one, and proves that the pass can be utilized for moving a large military organization. The transport consisted of about eighty pack animals, and was composed of the mounted police trains and two trains belonging to Galbraith Bros. Major Steele deserves great credit for the successful and satisfactory termination of what at one time appeared a very difficult undertaking via the Indian trouble. The people of Kootenay regret the departure of the troop and the loss of a valued officer, who won for himself the respect and esteem of all.—Victoria Times, B. C.

BATTLEFORD.

From the Herald, Sept. 13.

Dan, Finlayson's bear made another raid on the milk house on Monday night and made such havoc with the milk and butter that Mrs. Finlayson had to put some of her customers on short allowance for the week.

St. George's Church has lately been presented with a very handsome lectern. A nice matting has also been laid throughout the whole aisle of the church. The improvements were very much needed.

Louis Baudette was up before Just. Howe, J. P., on Monday, charged with shooting a valuable bull belonging to C. Daunais. He admitted the charge, but pleaded that he did it in self-defence. He gave bail for his appearance at the next sitting of the Supreme Court.

The jury in the inquest as to the cause of death of the late Fred. Marigold met after an adjournment from the 7th May last. An analysis of the stomach had in the meantime been made by Dr. Kattin, who reported that while the stomach contained no traces of poison, yet its appearance was such as if death had resulted from an irritant poison. After considering the report of the analyst the jury returned the following verdict: "That Frederick Marigold died from the effect of some irritant poison, but from the evidence adduced they cannot determine by which administered." The delay in closing the inquest was caused by the absence of one of the juryman.

AN ALTERNATIVE. ALONSO ABBOTT, WINDSOR, VT., says: "I believe Paine's Celery Compound saved my life. My troubles commenced in 1895, and I was almost dead. Before I used Paine's Celery Compound I was almost dead. The cure was rapid, and I am now a healthy man. Let any one write to me for advice."

A LAXATIVE. A. C. BEAR, WHITE RIVER JUNCTION, VT., says: "I have been using Paine's Celery Compound for many years, and it has done me more good for kidneys and bowels than any other medicine I have ever taken."

SORE FROM KNEE TO ANKLE

skin entirely gone. Pich a mass of disease. Leg diminished one-third in size. Condition hopeless. Cured by the Cuticura Remedy.

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the leg, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try CUTICURA REMEDY, and the result was as follows: After three days I noticed a decided change for the better, and at the end of three months was completely cured. My flesh was purified, and the bone which had been exposed for over a year got sound. The flesh began to grow, and to day and for nearly two years past, my leg is as well as ever; it was sound in every respect, and not a sign of the disease to be seen.

S. G. AHERN, Dubois, Dodge Co. Ga. Terrible Suffering from Skin Disease. I have been a terrible sufferer for years from diseases of the skin and blood, and have been obliged to leave public places by reason of my disgusting humors. Have had the best of physicians and spent hundreds of dollars but got no relief until I used the CUTICURA REMEDY, which has cured me and left my skin as clear and my blood as pure as a child's.

IDA MAY BASS, Olive Branch P. O. Miss. I have taken several bottles of CUTICURA. Remark with all the results I could wish for. About this time last year, when commencing its use, I weighed 185 pounds, and today I weigh 125 pounds.

GEO. CAMPBELL, Washington, D. C. Note.—The Cuticura Remedies is beyond all doubt the greatest blood purifier ever compounded.

CUTICURA, the great skin cure, and CUTICURA SOAP prepared from it, externally, and CUTICURA RESOLVENT, the new blood purifier, internally, are a positive cure for every form of skin and blood disease, from pimples to scrofula.

BABY'S skin and scalp preserved and beautified by Cuticura Medicated Soap.

HOW MY BACK ACHES. Back Ache, Kidney Pains, and Rheumatism. I have used Paine's Celery Compound for many years, and it has done me more good for kidneys and bowels than any other medicine I have ever taken.

CALGARY.

From the Tribune, Sept. 12.

There was quite a white frost this morning, the first for this season, but fortunately what grain is still uncut is too far advanced to meet with injury. The potatoes and garden stuff will likely be blackened but everything taken into consideration we cannot grumble this year.

On Saturday evening as F. J. Brady, of the Kootenay district, and Mr. Boswell, of the Park, were out driving, the rig became entangled in the telephone wire, which was broken, and the horse took fright and ran away throwing Mr. Brady out and breaking his thigh. Mr. Boswell was not much the worse beyond a shaking up, but he scoured the glass—of medicine all the same.

The council have dilly-dallied so long with the loose stones on the street that an action for damages is looming up for injuries sustained by two horses that were lamed by the obstructions. The owner of one of the animals has offered to put on a team and man to clean up the streets at \$3.50 per day and wait if necessary, six months for his pay. He says the injury to horses and buggies cannot be calculated, but still the council will not make a move.

From the Herald, Sept. 12.

At the police court on Friday afternoon Jos. Culbertson was brought before Geo. Murdoch, J. P., on a warrant issued on the information laid by Jos. Butlin for assault in connection with a little fracas which occurred on the street and in the office of the Royal Hotel about 9 o'clock on Thursday evening. Mr. Culbertson was not incarcerated, as he gave bail at once for his appearance. He was fined \$5 and costs. This case is said to have originated in Butlin having made an assault on Mr. J. L. Bowen, when Mr. Culbertson interfered in Mr. Bowen's behalf. But in was also fined \$5 and costs for disturbing the peace on the public streets, on information laid by the chief of police.

A single scull race for the championship of the world, between Haas and Kemp, will be rowed on the Parana river in Australia to-morrow afternoon.

Dr. Stovel, Dentist, left this week for the east, where he will spend the winter, and return again in the spring.

On Wednesday last Dr. Porter was called to attend the Rev. John McKay, of Armadale Mission on Manitowish Reserve, who was seriously ill since Sunday. The returned gentleman has been ailing for a couple of weeks but was able to be around until last Sunday when his family became alarmed.
